

# GEARED UP TO FIGHT BACK

## INFORMATION PICKET TO SAVE OUR POST OFFICE

*Purposely declining service to the public, concerning mail processing and the delivery of the mail.*

- **The elimination of clerk craft positions, creating longer wait time in line.**
- **The decrease in window hours. Making it impossible to stop and do your mailing as part of your lunch break.**
- **Removing the window equipment, making less window stations available to the public.**
- **The delays in first class mail. The reduction to first class is so drastic, that to mail a letter across the street may take two to three days.**

This also does harm to the small businesses that depend on the ability to use the mail stream to perform the aspects of their business.

This does grave harm to the rural communities. Some rural communities stay connected through the newspapers they receive by the mail. They receive their medicine by mail.

The USPS does the last leg of parcel deliveries for Fed-Ex and UPS due to we are a service to the American citizen regardless of their location in this great nation.

**Contact your lawmakers**

and tell them to reject these cut to the service of your mail.
